

LA SOCIÉTÉ

Chansonrockbluesjazz from Cologne

Rousing danceable French Chanson, a sniff of gipsy music, a breeze of polka, a bit of rock, a bit blues, a bit of jazz... Carefully arranged, with a powerful voice in front of the microphone:

This is La Société

These 5 Cologne (Germany) based musicians offer a broad variety of music during their live sets, going from sensitive ballads over ear-catching popsongs up to rocky bluesongs.

Ever since the band formed in 2013, they succeed in amazing a steadily increasing amount of people.

La Société can be booked with its original „electric “ sound but of course the band also performs „unplugged “, just in case the audience likes it a bit more soft...
